

## Student of the Week

Each student will be required to decorate the Student of the Week Bulletin board. The idea behind this is to help your teacher and classmates get to know you better. It is also for you to be able to recognize and utilize your unique gifts and talents (SLE 5.3) Please bring in pictures, awards, and any items that will help us in this matter. Please fill out the Student of the Week form to accompany your items you bring in. I know how creative and artistic each one of you is. See the attached schedule for your week to decorate and present your board. I have also attached your grading rubric for the presentation.
